SUMMARY

I am a passionate MERN Stack Developer with experience in building responsive and user-friendly web applications. Skilled in MongoDB, Express.js, React.js, and Node.js, I also have a strong foundation in HTML, CSS, and JavaScript. I focus on writing clean, efficient code to enhance performance and deliver a seamless user experience. I continuously explore new technologies and enjoy solving real-world problems with creative and scalable solutions. I am eager to contribute to a collaborative development team and grow as a full-stack professional.
